Letter of Recommendation

August 31, 2010

Rocheleau Tool & Die Co., Inc. has been working with Terri Adams of Precision Arts Advertising Inc. for over 12 years. Terri has been our creative partner with her original and innovative designs, providing us with unified design elements for all of our visual communication and presentations, including our website, trade show graphics, print brochures, promotional postcards, magazine advertising and logo redesign. She is exceptionally accommodating with scheduling and has completed jobs with utmost professionalism and proficiency. We would highly recommend Terri and her work.

Sincerely,

ROCHELEAU TOOL & DIE CO., INC.

Lisa A. Rocheleau
